The Community Notification Enrollment Page allows your residents to supply their own information. Not only does this ensure a more accurate database, but also allows residents to input their cell phone number, any other secondary phone numbers, or to update their information if they have moved recently.

Here is the link to your Community Notification Enrollment Page (CNE):

https://cne.coderedweb.com/Default.aspx?groupid=W0f2Me2aIuF9qFt4vTi8Ww%3d%3d

or simply click on the logo below:

![CodeRED Logo](https://example.com/code_red_logo.png)

The citizen data will be reviewed weekly and added to the main CodeRED database. The system deduplicates the data to ensure that there isn't duplication of the calls being made.
