for a cleaner world

HHW Collections are funded by the Towns of Bourne, Sandwich, Mashpee and Falmouth; Covanta SEMASS; and Barnstable County's Cape Cod Cooperative Extension.
Household hazardous waste (HHW) collections protect what we love about Cape Cod, especially our precious local drinking water. Most chemicals are too toxic to throw away in regular trash or dump down the drain, so FREE collections are being held to take that waste off your hands and keep it out of our water supply.

Are you a small business? Do you use chemicals? To make your state required disposal arrangements and obtain pricing, contact Mike Maguire at 508-375-6699.

WANTED! MERCURY

It is important to keep mercury out of our environment and water supply. To dispose of household mercury containing products, such as thermometers, thermostats or barometers, bring these items to your local HHW collection. If you come across larger amounts of mercury in your home please contact the Barnstable County Hazardous Waste team at #508-375-6699.
