2. Notice was duly given as required by Section 11 of Chapter 40A, M.G.L., as well as notices sent to all persons deemed to be affected thereby as they appear on the tax list, and at which hearing, at the Board discretion, relevant and appropriate testimony was heard.
3. A duly advertised public hearing was opened on May 24, 2018.

Chairman Foreman asked if anyone present would like to speak in favor or opposition. There was no public comment from any interested party or abutter.

Member Bielan made a motion to close the hearing. Member Van Keuren seconded the motion. Motion carried 5 - 0.

Findings:

The Board of Appeals, after carefully considering all of the facts and evidence submitted at the hearing, makes the following findings:

The subject property located at 335 Quaker Road in West Falmouth contains 11,168 square feet of Residential C zoned land that is not located in any overlay district. There was a previous special permit on subject property, #2968, allowing the dwelling to be used as a guesthouse (boarding house); and a special permit, #33-99, allowing the demolition of the boarding house and construction of a five bedroom single-family dwelling. The Applicant applied under Section(s) 240-160 A. of the Code of Falmouth to allow the seasonal use of parking for a fee on subject property. The Applicant and son have been issued a special permit since 2009 during summer months to park seven (7) vehicles at the southerly side property line of subject property within the property boundaries and to charge a fee. The use is proposed during the summer season for approximately eleven weeks, and will operate from 9:00 AM to 7:30 pm daily. There is an Order of Conditions on subject property issued by the Conservation Commission (see referral). Across the street from the subject property is a Town Beach and parking lot (for a fee), as well as a hotel with conference center; the proposed parking on subject property is proposed to be used by beach-goers. The plan of the property and proposed use location submitted to the file shows a one-way in and one-way out driveway for said use (see plan entitled "Plan of Proposed Parking on Existing Pervious Surface", drawn by BSS Design, dated October 30, 2009 and revised January 31, 2012).

Section 240-160 A. of the Code of Falmouth "Temporary and conditional structures and uses" state: *Temporary and conditional structures and uses that do not conform to the regulations herein prescribed may be allowed by special permit, provided that no special permit shall be for more than a one-year period and further provided that no permit shall be renewed until all abutters have been notified and public notice given in the manner provided in MGL C. 40A.*

The Board finds that the proposed parking for a fee is a temporary (seasonal) use that does not conform to the regulations prescribed in the residential district. The Board further finds that yearly approval for a special permit for this temporary (seasonal) use is required pursuant to Section 240-160 A. of the Code of Falmouth.

The Board finds that the proposed parking for a fee during the summer months is not substantially more detrimental to the single-family use than what currently exists on site off Quaker Road. The Board further finds that the subject property has one immediate abutter who is located on the opposite side of the property from where the parking is proposed and has not submitted any objection to the proposed use.

The Board finds that the Applicant is proposing the parking for a fee on a daily basis from 9:00 AM to 7:30 PM from May 26, 2018 to September 4, 2018.

The Board finds that the Applicant, at this time, does not see a need for signage on site and proposes none. The Board further finds that the Applicant does understand that if in the future they desire a sign, an application to the Design Review Committee would be required.

The Board finds that the Applicant's personal vehicles are usually parked within the existing garage or at the southwest corner of the property in the driveway area.

The Board finds that the site is adequate and suitable for the proposed temporary (seasonal) use for parking of vehicles based on the certified plot plan submitted (noted herein) and reviewed by the Board.

The Board finds that Quaker Road is busy during the summer season by residents and visitors alike as the Town Beach is located across the street from the subject property. The Board does have a concern about the traffic but feels that the proposed does not increase any traffic or negatively affect the

amount of traffic existing during the summer months. The Board further finds that the area is monitored by the police department. Furthermore, the Board finds that there has been no issues or complaints reported regarding parking for a fee on subject property.

The Board finds that the proposed, as it is relevant, meets the criteria set forth in Section 240-216 of the Code of Falmouth.

There is no decision of the Planning Board to consider, as this proposal is not subject to review by the Planning Board under Site Plan Review.

The Board has weighed the beneficial and adverse effects of the proposed parking for a fee on subject property and finds the granting of this permit will be in harmony with the purpose and intent of the Bylaw.

Member Van Keuren made a motion to Grant the Special Permit with conditions. Member Murphy seconded the motion.

NOW THEREFORE

BE IT RESOLVED, that the Board of Appeals (hereinafter referred to as Board) being of the opinion aforesaid and acting under the provisions of the Code of Falmouth voted **5 - 0 to Grant the Special Permit** to Kenneth R. 6. This Special Permit is not transferrable. This Special Permit is to the Applicant only and shall not transfer through any of lease or sale of subject property.

7. Any deviation, no matter how minor, from plans submitted and approved, orally or in writing, by this Board, shall be submitted to the Board for approval prior to implementation of said change. Minor changes may be administratively approved by the Zoning Administrator.
8. This permit shall not take effect until a copy of the decision bearing the certification of the Town Clerk that 20 days has elapsed after the decision had been filed in the office of the Town Clerk with no appeal being filed, or an appeal has been filed within such time, is recorded in Barnstable Registry of Deeds. (Any person exercising rights under a duly appealed special permit does so at risk that a court will reverse the permit and that any construction performed under the permit may be ordered undone.)
9. This permit shall lapse September 4, 2018.
